National Aeronautics and Space
Administration

Defendants,

Civil Action No. 6:24-cv-37

DECLARATION OF ANDER MICHAEL BOGGS

Pursuant to 28 U.S.C. §1746, I, ANDER MICHAEL BOGGS, declare that:

1. This Declaration is based on my personal knowledge.
2. I am competent to make this Declaration and I am over 18 years of age.
3. I am personally familiar with the facts stated herein and that they are truthful and accurate to the best of my knowledge.
4. I am the President of Boggs & Poole Contracting (the "Company") in Bossier City, Louisiana, within the Western District of Louisiana, United States District Court.
5. Boggs & Poole Contracting has experience in performing federal work funded 100% by federal dollars and requiring compliance with the FAR.
6. Part of the business plan of Boggs & Poole Contracting is to continue bidding and performing federal construction projects.
7. I am generally familiar with President Joseph R. Biden's Executive Order 14063 which requires the use of Project Labor Agreements on certain federal construction projects ("PLA Mandate").
8. Boggs & Poole Contracting is not now and never has been a union contractor. Instead, the Company prefers to remain open shop and not having to deal with labor unions. If the PLA mandate is upheld, Boggs & Poole Contracting will not pursue or bid such covered federal contracting work.
9. I am aware that certain federal projects are already being discussed for possible bidding, indicating they will be let in accordance with the PLA mandate. Boggs & Poole Contracting has no intention of bidding any new federal work that would require our company to sign a Project Labor Agreement. We prefer, and our subcontractors historically prefer, to be open shop.

10. It goes without saying that if our company does not pursue federal work that is subject to a Project Labor Agreement, the result will be a potential loss of business which would adversely impact our Company.
11. In Louisiana, where we historically bid and perform federal work, there are very few active labor unions and even fewer subcontractors who are used to dealing with labor unions.
12. Boggs & Poole Contracting supports the effort of the Louisiana Associated General Contractors and Associated General Contractors America in attempting to enjoin the implementation of President Joseph R. Biden's Executive Order mandating Project Labor Agreements on federal projects.
13. I declare under penalty of perjury that the foregoing is true and correct and executed this 22 day of February, 2024.

Ander Michael Boggs
